

INDUSTRY
AWARDS 2026

SPONSORSHIP OPPORTUNITIES

22 October | The Brewery

ABOUT BESA

The Building Engineering Services Association (BESA) is a leading trade organisation that represents and supports businesses involved in the design, installation, operation, and maintenance of building engineering systems. Founded in 1904, BESA champions best practices, innovation, and professionalism across the building services sector, including critical areas like heating, ventilation, air conditioning, refrigeration, and renewable energy systems.

ABOUT THE AWARDS

The BESA Industry Awards celebrate excellence, innovation, and leadership across the building engineering services sector. Recognised as one of the most influential events in the industry calendar, the awards shine a spotlight on the organisations and individuals driving positive change in building safety, sustainability, performance, and skills development.

Last year, over 500 professionals from across the supply chain—from contractors and consultants to manufacturers, educators, and emerging talent—come together to honour achievements that are shaping the future of the built environment.

TESTIMONIALS

Our team had a great evening at the BESA Group Industry Awards 2025 and we're proud and grateful to share that we were named 'Service & Maintenance Contractor of the Year.

We're honoured to be recognised among so many outstanding organisations in our industry, and we'll continue striving to deliver the best possible service for our clients and partners."

**Jody D, Business Development Manager,
Gratte Brother Group**

Great day at the Conference and Industry Awards 2025 – a fantastic conference followed by an evening prestigious award ceremony held at The Brewery, London, celebrating excellence across the building engineering services sector.

The event brought together the most respected people and companies in our industry – those who've gone above and beyond the call of duty for the greater good. From manufacturers and distributors through to contractors, and engineers."

**Andre Muhith, National Sales Manager,
Milwaukee**

What an incredible honour it was on Thursday night to receive the Service and Maintenance Apprentice of the Year award, is honestly something I never imagined when I first started my apprenticeship.

First and foremost, I want to say a massive thank you to BESA Group for recognising apprentices and the hard work that goes into learning and developing in this industry. It means a lot to know that the next generation of engineers is being supported and celebrated in this way."

Lucas Danks, Apprentice, CMS

98% of delegates rated the awards a 5-star event and would be back in 2026
